

POSITION ANNOUNCEMENT

Position: Part-Time Instructor, Luxury Craft Cabinetmaking

Savannah Technical College is seeking a part-time instructor experience in the field of Aircraft Interior Construction. The instructor is responsible for teaching basic aircraft blueprint reading, safety, quality standards, fastener location in accordance with specifications, hand tools, and precision measuring instruments. In addition, the instructor will lead the students through two hands on projects in a shop setting. The first project consist of making a chest box out of pine wood. The second project consist of making an aviation quality cabinet made out of aluminum honeycomb finished with wood veneer and clearcoat.

Education and Occupational Experiences

- Must have three (3) years of aircraft interior assembly/construction experience within the past seven (7) years.
- Must demonstrate excellent written and oral communication skills along with computer skills.
- Teaching experience at a postsecondary institution is desirable.

Responsibilities

- Recruitment and retention of students.
- Daily teaching duties include class lecture, lesson planning, and classroom management.
- Other duties include reporting inventory, school-wide planning, providing registration assistance, working on projects with other Instructional Services and perform other duties as assigned by the Director, Corporate & Customized Training.
- Flexible work schedule hours

Physical Demands

Work is typically performed in a construction / lab environment with the employee intermittently sitting, climbing, or standing. The employee frequently lifts lightweight objects up to 50LBS. Must be able to perform all duties required in the manufacturing environment of aircraft structural assembly. The ability to speak clearly is required. The ability to hear and understand at a normal conversational level is required.

Salary

Salary is commensurate with education and work experience.
