Completion/Graduation Rates

Each institution must annually make available to prospective and enrolled students the completion or graduation rate of certificate- or degree-seeking, first-time, full-time, undergraduate students. The data are to be available for the most recent cohort that has had 150 percent of normal time for completion by August 31 of the previous year. The data are to be disaggregated by gender, major racial and ethnic subgroup, students who were recipients of a Federal Pell Grant, students who were recipients of a subsidized Stafford Loan who did not receive a Pell Grant, and students who were not recipients of either a Pell Grant or a subsidized Stafford Loan.

Note: Savannah Technical College did not begin issuing loans until fall 2012.

Graduation Rates of First-time, Full-time students (150% of Normal time):

2007 cohort

Category	**Graduation/ Completion Rate**
Total	31%
Male	44%
